Create a new repository

A repository contains all project files, including the revision history. Already have a project repository elsewhere?

[Import a repository.](#)

Required fields are marked with an asterisk (*).

Owner *

 almeida-cma ▾

Repository name *

/ orc

✓ orc is available.

Great repository names are short and memorable. Need inspiration? How about **sturdy-goggles** ?

Description (optional)

App de orçamentos para UX

Public

Anyone on the internet can see this repository. You choose who can commit.

Private

You choose who can see and commit to this repository.

Initialize this repository with:

Add a README file

This is where you can write a long description for your project. [Learn more about READMEs.](#)

- ☒  **Public**
Anyone on the internet can see this repository. You choose who can commit.
- ☐  **Private**
You choose who can see and commit to this repository.
-

Initialize this repository with:

- ☒ **Add a README file**
This is where you can write a long description for your project. [Learn more about READMEs.](#)

Add .gitignore

.gitignore template: **None** ▼

Choose which files not to track from a list of templates. [Learn more about ignoring files.](#)

Choose a license

License: **None** ▼

A license tells others what they can and can't do with your code. [Learn more about licenses.](#)

This will set  **main** as the default branch. Change the default name in your [settings](#).

 You are creating a public repository in your personal account.

Create repository

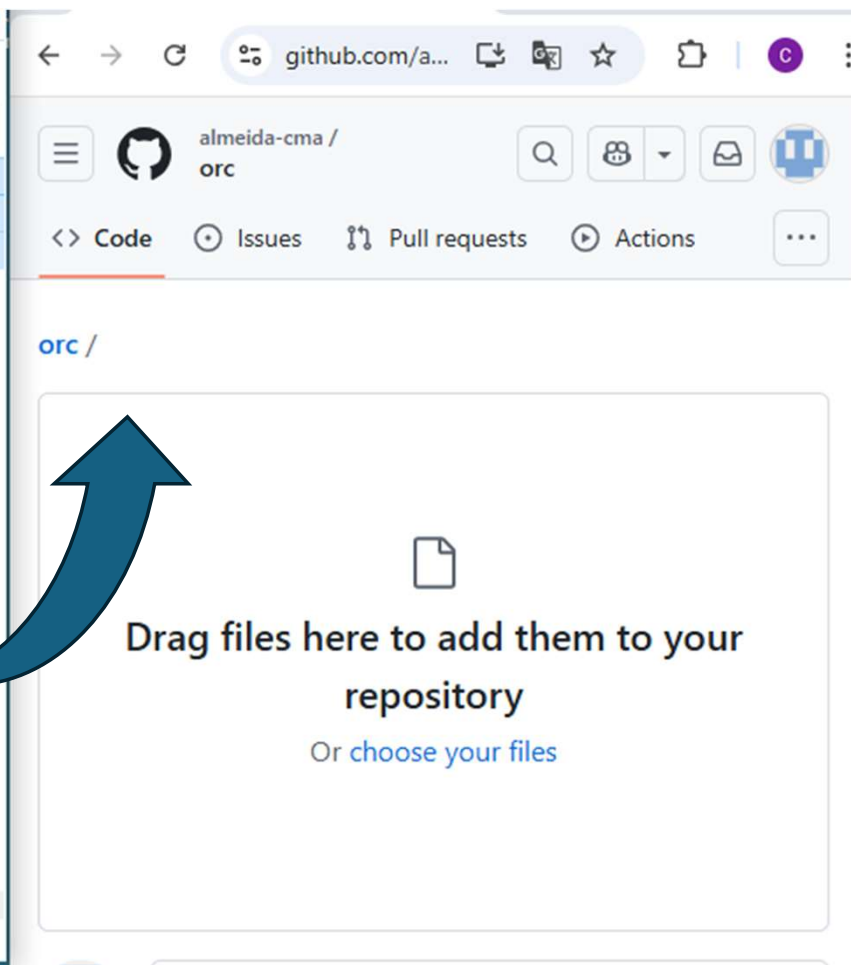

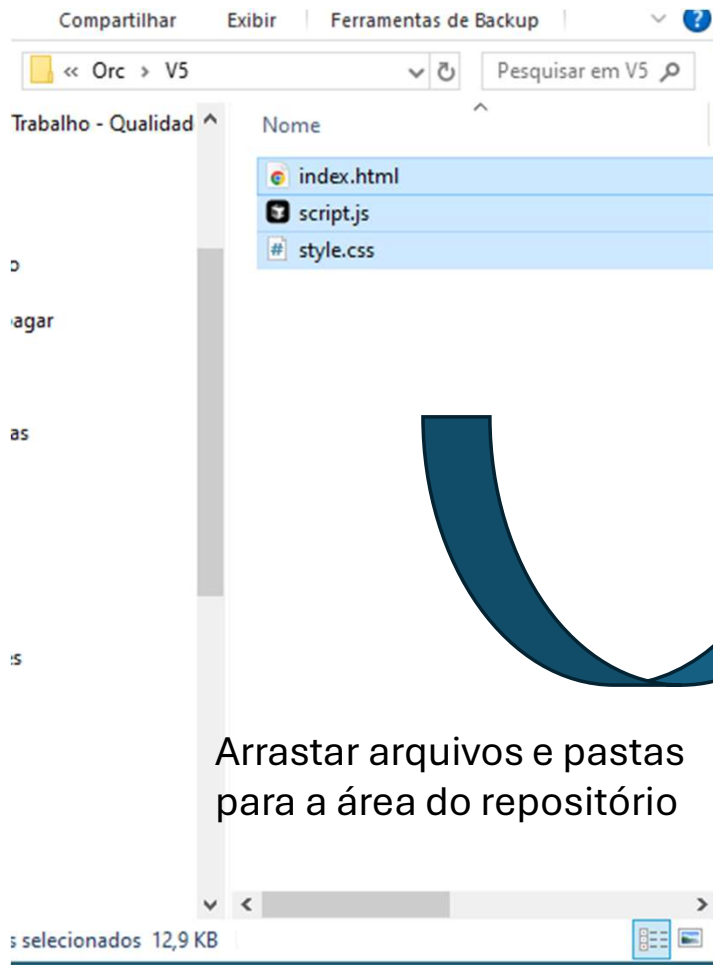

GitHub repository page for **almeida-cma / orc**. The repository is public and contains one branch, **main**, and zero tags.

The repository shows an initial commit by **almeida-cma** containing a **README.md** file. The README content is:

orc

App de orçamentos para UX

The **Add file** dropdown menu is open, showing options to **Create new file** and **Upload files**. A blue arrow points to the **Upload files** option.

Arrastar arquivos e pastas
para a área do repositório

Drag files here to add them to your
repository

Or [choose your files](#)

Arquivos com os respectivos caminhos das pastas (se existirem) serão mostrados.

The image shows a web interface for uploading files to a repository. At the top, there is a large box with a document icon and the text "Drag additional files here to add them to your repository". Below this, a link "Or choose your files" is visible. A blue arrow points from the text on the left to a list of three files: "script.js", "style.css", and "index.html". Each file entry has a small document icon on the left and a close button (an 'x') on the right. Below the file list is a section titled "Commit changes" with a GitHub logo icon. This section contains two input fields: "Add files via upload" and "Add an optional extended description...".
